### SUMMARY

I am a highly skilled Shopify developer with expertise in building and optimizing e-commerce websites. With a proven track record of delivering 10 successful projects, I have consistently solved complex technical challenges throughout my career.

Proficient in customizing Shopify themes and implementing innovative solutions, I collaborate effectively with cross-functional teams—including designers, project managers, and CTOs—to deliver tailored, high-performing online stores. My commitment to excellence ensures exceptional user experiences and business growth for my clients

### PROFESSIONAL EXPERIENCE

#### Lead Shopify & Shopify Themes Developer, Define Digitally, (Remote)

Nov 2023 - Present

- Led development of an shopify development company & earned solid Shopify experience on the 10+ successful projects.
- Fully customising Shopify themes to match the client's branding, including layout, colours, fonts, and imagery.
- Working with DecodeAge (Got investment from Shark Tank India) who is companys one of primary client since my joining and able to retain our company as dev team even when time to time few other dev teams also came for auditing us.
- Boosted website speed from 7s to 1.9s for one of company's main client.
- Ensuring websites are responsive and optimised for various devices and screen sizes.
- Writing clean and efficient Shopify Liquid Template, HTML, CSS, and JavaScript code to create visually appealing and interactive user interfaces.
- Delivering sites with pixel perfection as per Figma files provided and Ensured programming-related tasks were completed deadlines.
- Supported designers with UI/UX improvement, project manager with sprint planning.
- Implementing and configuring Shopify apps and extensions to enhance site functionality.
- Audited website performance and code audit for 2 clients which boosted their loading speed to 2s and 1.8s resp.
